

The government in Canberra has decided to collect money for artists when their artwork is sold for the second, third or fourth time. This is called a resale.

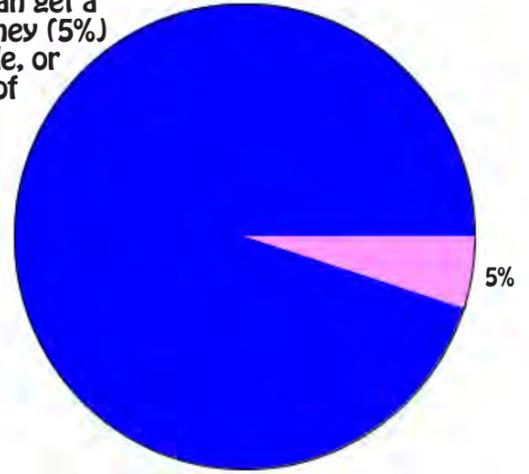

The first time an artwork is sold the Artist gets some money.

This only happens when artwork is sold for more than \$1,000 (One thousand dollars).

People get upset when they hear about their art being sold for a second time, and sometimes for much higher price and they get nothing.

Now the artist can get a share of the money (5%) from the 2nd sale, or any more sales of the artwork for 70 years, if the artwork is sold for more than \$1,000 (Including GST).

eg- If sold for \$1,000 artist gets 5% = \$50

People have also been upset when they heard about art from a famous family member who might have passed away being sold for big money and the family got nothing!

Now the family of artists who have passed away can get a small share of the money (5%) from any other sale for 70 years if a work sells for more than \$1,000.

This is now a law so it means that if you want to collect money from the resale of your artwork, you have to give your information to people called CAL (Copyright Agency Limited).

CAL has a form that you can fill in and when they find out about your work being sold, they will pass on a small piece of the money to you (the artist) or to the family of the artist.

To join up go to [www.resaleroyalty.org.au](http://www.resaleroyalty.org.au) or call CAL on 1800 066 844
